

How to reply so the Original Message is included in your reply.

1. Open and Read the message, OR
2. Drag and Drop message into the Out Box to read and reply
3. Open message
4. Now you can edit the message, fill in your reply in the Reply box
5. Sign message in the signature field
6. Change the Destination Callsign to the Source Callsign (originating station callsign)
(This is important that you do this, other wise it will not be sent because the destination callsign is still in the Destination box)
7. Send message

Source Callsign

AA4RY this is the originating callsign

Destination Callsign

KA4EOC, must change to AA4RY

NOTE:

Do Not use the Reply button for all ICS 213 forms. The replies must include the original message.

This must be done for the present time until Dan Smith KK7DS can revise 03.3b5 to include the original when you click the reply button.

Now when you save the message, you will only have one message to save.
